

Press-release

AVSIM 2004 Conference and Exhibition

Press/Contacts

September 17-20, 2004.

Captain Sim participated in the annual **AVSIM 2004 Conference and Exhibition** in Denver, Colorado. This is a great flightsim show where many developers, publishers and simmers gather together to find out and discuss what is the latest in their community.

Captain Sim had shown a lot of screenshots of upcoming projects, including C-130 Hercules, Legendary-707 and Legendary-767.
